Assessor Comments	This young Fleckvieh sire is a full bodied, well grown young bull that comes from a strong heritage. This bull exhibits tremendous strength of spine and plenty of depth for a young bull. 100% grass-fed and weighing 718kg at assessment, this bull is a great example of a bull that is built to perform. The Vendor's stud is built from a strong cow herd of elite genetics linking back to the breeds origin of South Africa. This young sire would be a great addition to any type of program and is ready to go to work straight away.
