Temperament

Yards	Crush	Paddock
Quiet: 13 head	Quiet: 13 head	Temperament not assessed in Paddock

The heifers have been a absolute pleasure to run through the yards . Weighing and drafting was evident on the temperament on these cattle as they have been well educated.

Handled With Dogs , Horses , On foot , Vehicles

Assessor Comments A very good draft of cross bred PTIC heifers. These heifers have been tested to be in calf to the speckle park bulls 2-6 months by the vet. These heifers will make excellent cows with plenty of length and frame. Heifers have been well educated and flowed through out the yard exceptionally well during the assessment. Guaranteed tick free these cattle are good to move freely into the clean. Buyers note couple older heifers in these that have had one calf that had been weaned at the time of the assessment.
