Assessor Comments	A nice line of PTIC Angus heifers. All have had 1 round of AI (on the 30 April to OSWALL ELVIS F2), then followed up by Glen aura bulls. Cattle are between 5.5 - 7 months in calf as of the 30 Nov. All heifers were purchased as un-joined heifers from vendor bred sales. Heifers are all by Alpine Angus bulls. Heifers cover a lot of ground, are long in the back, have shape and fat cover. All we're purchased off one vendor, have been handled well and are in good health. Vendor has multiple lots of PTIC heifers available on Auctionsplus. Please feel free to call for any further Enquiries.
