These steers were easy to handle through the assessment. Very odd steer got agitated when being worked through the

| Assessor Comments | Black & Broken face baldy steers, all weighed into a tight weight bracket of 301-379kg to average 349kg full at assessment (a lighter tail end removed). The steers have done exceptionally well this year, showing good weight for age and starting to really excel coming into the spring. They would be absolutely ideal steers to take on to feeder weights in the spring or will go on to become excellent heavy grassfed kill steers being Greenham Never Ever and Teys Grasslands accredited. Please note; vendor also has 106 Angus Steers in this sale for a total of 132 steers being offered. |
