	Cattle are good to handle from paddock to yards. Cattle worked well through the yards with a few getting upset when mouthing, but settled down quickly when returned to mob.					
Handled With	Bikes , Dogs , On foot , Vehicles					
Assessor Comments	Hard to find mainly Santa x cows with very good good Angus x calves at foot. Cows have been re joined to Angus bulls since the 01/09/22 until delivery. The cows are good framed soft easy doing cattle and doing a great job on their calves at foot. Vendor has changed his breeding program and these cows no longer fit the program. Cows are aprox 8 - 12 years old and present in fresh foward store condition and are ideal to take on and split at a later stage or the majority of the cows would go for another calf or two. All cows mouthed with 9 head good sound mouths, 1 cows teeth are starting to spread and 5 cows with either one, two, or three teeth missing.
