Assessor Comments	Quality well bred Angus X Angus heifers AI'd and PTIC to Top1% Marbling Wagyu bull to suit the high marbling F1 market. At time of assessment PYEFR048 has a marble score of +2.6. Rarely does the opportunity arise to purchase heifers AI'd to such genetics!! These heifers will suit the most astute F1 breeding programs around the country. It's possible there's an odd heifer has "non detrimental eye scar" but none noticed. Odd heifer with white on udder or underline, nothing forward of the naval. Breeders of the future carrying a highly sought after fetus! Expected calving date of 15/03/23.
