	Very Odd Heifer became slightly stirry in crush when weighing. generally as a mob they were quiet to handle. Not handled with dogs or horses only move with side by side.		
Handled With	Bikes , On foot		
Assessor Comments	17 very good quality Angus & Angus cross heifers that have been PTIC to the Oakey Creek Speckle Park blood bull. Heifers are showing great depth and bone and should continue to grow into large framed cows. Heifers were very quiet to handle in their own environment. These heifers would be a very good asset to any herd or for the smaller holdings looking for quality females to rebuild or start out.
