These heifers were a pleasure to handle through the yards. A very small percentage resented being Dectomaxed in the crush but settled quickly once back in the mob.

Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Dogs
Assessor Comments	Buyers please see a 3 deck line of very good quality Santa heifers that would be ideal to join to the bull of your choice. These heifers have a temperament that you can't fault and show good breed characteristics. Alternatively they would also be ideal heifers to feedlot or take through to kill weights off grass or crop. Buyers please note a small percentage of heifers did have some old blight scarring that had been treated months ago and has healed up, not considered to be detrimental. All buyers in a tick free area or interstate locations please be aware these heifers are GUARANTEED CLEAR OF THE TICKS, so no risks involved in purchasing these heifers.
