Assessor Comments: Buyers, a deck lot of good quality Angus heifers from a regular AuctionsPlus user. Bred from Angus females purchased from the New England area but most originated from the Coonamble Angus Stud (WA). These are in fresh condition, however being bred on lighter country I would envisage these to fly ahead if they get access to good quality feed or crop on some heavier country. Heifers are very quiet, the vendor's always do an excellent job throughout the weaning process and is reflected in these. Ideal to background to heavier domestic feeder weights. They definitely haven't had any setbacks and the photos/video will indicate they possess plenty of length and shape for such young heifers. These cattle attract repeat buyers, evidence they must perform very well.
