Assessor Comments	A very good line of Spring 2023 drop steer calves that present in forward store condition. Steers display excellent shape and great weight for age only being 5-6 months old. These steers would make a great line of feeder steers or be suited to taking out to bullocks in the future. This represents the annual sale of the vendors spring drop calves and will flourish given the right conditions and feed. Steers are by the Brookfield Park angus bulls and bred from Glenlyn Angus blood cows. Temperament of these steers are a feature and are a pleasure to handle. Steers will be weaned onto the truck at delivery. Tail was also removed from the mob leaving a very even line of steers.
