Vendor Bred	Yes
Stock History	Out of a highly functional control mated herd of Brahman x Brangus and Droughtmaster cross cows by Black composite and Charolais bulls.
Lifetime Traceable	Unknown
Bloodlines	Original brahman herd of cows crossed with Black composite bulls for 12 years. Some Droughtmaster influence from neighbouring bulls
Grazing Conditions	Excellent body of predominately fresh green Flinders and Mitchell grasses with areas of Buffell grass throughout. Numerous summer herbages are present through the pasture. Undulating black soil downs. Returned same
Burr/Seed in Coat	No Burr or Seed of weeds declared noxious observed in the coats at assessment
HGP Status	Treated with 200 day compudose

J-BAS Score	6
Vendor Comments	A good quality soft line of last years weaners being offered to the market to make room for weaners coming through first round. Excellent temperament with a lot of time spent on the education and handling of these steers.

Quality Grades		Store Condition		Muscle Score	
Very Good	23%	Fwd Store	18%	C	100%
Good	72%	Store	82%		
Fair	5%				

Temperament

Yards	Crush	Paddock
Docile: 6 head Quiet: 70 head Slightly Stirry: 8 head	Quiet: 28 head Slightly Stirry: 14 head	Quiet: 82 head Slightly Stirry: 2 head

Temperament was spot on in these steers with only a small percentage becoming slightly agitated under close pressure. Significant pressure was applied in the weighing process with portable scales not fitting neatly in the crush and some time having to be spent to get accurate weights. All steers settled quickly and quietly after assessment and where walked out of the yards on foot with 1 person in the lead.

Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , On foot , Vehicles
Assessor Comments	An excellent quality line of Crossbred type steers that are well handled & educated ready to continue their journey into heavy feeders or grass bullocks. Excellent temperament and well educated steers with only a small portion becoming slightly agitated during the assessment process but quickly settling after assessment. Tidy heads with good moderate frame and plenty of bone these steers will continue to perform for prospective purchasers and offer options right through from feeders to grass bullocks. Small percentage mouthed with any #2's noted mouthed at assessment to be 100% milk tooth. Small percentage of steers showing higher Bos Indicus content with minimal hump height and cleaner coats. these steers are highly suited to the southern markets and are good easy doers with plenty of scope to continue their growth. Please note vendors have another 3 deck line of Black composite type steers in this sale
Assessor	**Ashley Naclerio (Level 1 Accredited)** Phone: 0400 448 679
Delivery Period	13/03/2024 to 16/03/2024 (4 days)
