Very good cattle to handle through the yards. One got ever so slightly agitated when in the crush but walked out without any problem. Weaners have been handled very well their entire lives and it shows.

Assessor Comments	A top quality line of 18 vendor bred heifers sired by Angus bull with the name of Top Boss Edge R1014. He has certain left his mark on them. Heifers have great shape and muscle development and will continue to go forward quickly if given the opportunity. 2 Heifers show Speckle Park markings as they are by the same bull but their dam was sired by a Speckle bull. All weights and breed compositions are in additional info. Heifers have been running on a sorgum crop that is in head and are really on the move forward. At assessment heifers had a weight range of 272-374kg to avg 334kg after an overnight curfew. Top quality young steers you can buy with confidence. Vendor has 18 steer brothers in the same sale.
