Assessor Comments	Neat line of medium/large frame PTIC Angus heifers that are in calf to an Angus bull & due to calve in September/October. With plenty of weight & growth for age these vendor bred, Oct/Nov 22 drop heifers present a fantastic opportunity to add to an existing operation or would make a great little start up herd. *Please note that the vendor also has 3 heifers that were undetectable at scanning that can be negotiated on with successful purchaser.
