Vendor Comments: A very neat line of steers out of the lead of our #3 weaners. These steers have performed exceptionally well for us and are currently averaging over 1kg/day. they have received extensive education & are a pleasure to handle both in & out of the yards

Quality Grades		Store Condition		Muscle Score	
Very Good	38%	Fwd Store	87%	B	13%
Good	61%	Store	13%	C	87%
Fair	1%				

Temperament

Yards	Crush	Paddock
Docile: 18 head Quiet: 102 head	Docile: 6 head Quiet: 65 head Slightly Stirry: 4 head	Quiet: 120 head

The exceptional temperament on these steers is a credit to the vendors and their management program. steers walked comfortably and quietly through the yards with no hassle or fuss. 4 steers became slightly agitated when confined in the weigh box however settled easily when released and exited the crush at a walk. buyers would be hard pressed to find another line of steers with this level of education.

Handled With Aerial (Helicopters, gyro's and planes) , Bikes , Low Stress Stock Handling© practices (05/08/21) , On foot , Vehicles

Assessor Comments An exceptional 4 deck unit of Vendor bred Droughtmaster steers presented in a very neat 40kg weight range! 100% Reds and honeys, 100% Vendor bred and lifetime traceable with 1 x brand! These steers are ideal to take forward and background into heavy feeders or grass bullocks with the quality to ensure marketing options all the way through. Steers have a strong reputation in the market place with numerous repeat buyers through southern QLD and NSW that can attest to the performance and nature of the Dunluce cattle. milk tooth steers with good moderate to large frame that have put on an average of 0.45kg/day since weaning. All steers received a 400 day Compudose at branding in March 2023 which will expire this month. Exceptional temperament and education given to these steers which was evident at assessment and a real credit to the vendors and their management. please note vendors have another 4 deck unit of steers 340-380kg in this sale as well.
