Any Access To Bulls or Stags?	Yes, last access to bulls/stags: 05/09/2023
Joining Access Details	These heifers were exposed to bulls as followers on the cows up until September 2023. Due to their weight and age it would be highly unlikely they could be cycling however no guarantees can ever be given.

Temperament

Yards	Crush	Paddock
Quiet: 60 head	Quiet: 59 head Slightly Stirry: 1 head	Temperament not assessed in Paddock

Credit to the vendors, as these heifers were excellent to handle through the yard and in the crush. Heifers have a quiet temperament which could be attributed to being weaned well. The cattle are well handled as they are part of a rotational grazing program.

Handled With: Bikes

Notable Traits

	Traits
5 Head	Red Fleck in coat
1 Head	Ripped Ear
2 Head	Small white marking underbelly

Assessor Comments: Vendor is offering a very good quality line of 60 Weaned heifers that are best described as Angus Speckle Park cross heifers. With the recent summer rain these heifers are thriving and reaching optimum condition with plenty of bone and frame. The vendor has done an excellent job educating these heifers as they are very quiet to handle through the yards and the paddock. They are well bred and known for their strong fertility traits, shown through their preg test results over the years. These heifers would make ideal future breeders or easily go into a backgrounding role. They will not disappoint.
