Assessor Comments	Lead draft of 283 Heifers for sale. A very good line of 80 Angus Heifers - 1 Brand. Acc Breeder. Heifers are well grown and show true to type angus characteristics. Heifers experienced very dry conditions in 2023 until rain in Nov/Dec. Had another set back in February 2024 with 190mm rain overnight but doing very well again now. 2 Bulls did get in with heifers - date unknown but thought to be Nov 2023. Taken out 15/12/2023. Heifers were injected with Ovuprost on the 29/01/2024. Very well bred heifers. Steers are keenly sought after by previous purchasers and purchaser of last years heifers commented very favourably on them. Vendor has another 3 lots this sale. Suit feedlots or make a very good line of future breeders. Heifers in good store condition and potential for very good compensatory weight gain.
