Assessor Comments	Buyers an opportunity to buy 5 decks of VGQ PCAS eligible crossbred weaner heifers. These weaners have all the right bloodlines and genetics and are best described as medium to large frame relative to age. Weaners have been weaned for over a week to two weeks at delivery and are very well educated by vendor through yards. A very reputable line of cattle for sale that have plenty of bone, length & confirmation. Heifers have a good performance record and will suit to grow out to heavy feeders or would very much suit a future breeder program . There is 3 x heifers with a slight wheeping eye all not seen as problem at assessment but will be monitored for delivery also 1 x heifer noticed with small wart on eyelid. Buyers also there are 14 x #3 heifers noticed in mob the balance all #4. Note 2 x family brands in this line.
