Assessor Comments	Annual sale of the surplus Kelvin Park EU Angus heifers. The Kelvin Park cattle are run in large mobs, at high stocking rates. The breeding objectives at Kelvin Park are to produce easy care cattle with frame and weight. In the past these heifers have been purchased too breed from or purchased to feed on with great results. These heifers are sired by top Nampara and Boonaroo Bulls. Ideal heifers to start or top up a herd, or even just to feed on.
