	Heifers were easy to handle and remained calm throughout the assessment process		
Handled With	Bikes , Dogs , On foot		
Assessor Comments	A Quality Line of Bonogong & Cluster blood Angus heifers PTIC to LBW Bongongo & Alloura Angus Bulls 4-5 months in calf, these heifers are highly fertile with all the heifers joining up in the first cycle and are due to calve down in a tight 4 week period. Heifers are well grown and present in fresh forward condition with plenty of frame and bone and will grow into lovely future breeders and compliment any Angus operation if given the opportunity. These heifers have had no expense spared with all health treatments up to date. (please note: 1 x heifer has a white underlay)
