Assessor Comments	A good line of vendor bred Angus X steer weaners presenting in fresh store condition. They were a pleasure to handle, having been yard weaned on 25/2/24, then turned out into the paddock. They are showing good bone and length for the breed crosses, and would go on to perform for domestic or export markets. All steers were weighed out between 250-319kg. Please note vendor has 76 older steers in the same sale that would help make up a road train.
