	Nice quiet cows and calves. Fed hay regularly so been pretty well handled.

Assessor Comments	Small line of 7x7 Angus cows and calves that this is only their 2nd calf. Calves are by Tulagi Angus bulls and are 3-8 wks. Cows have only been on short dry feed getting some hay so are in store condition and am sure will improve greatly shown some feed. These cows were purchased as heifers as tops of the drop and joined. Have not had opportunity back to bull yet. Young cows with all their lives ahead of them with quality little angus calves.
