	Very easy to handle at assessment. Cows where drafted of calves and weighed with out any trouble and no signs of any heifers becoming uncomfortable. Cows walked through a small paddock and returned to paddock without any trouble.

Assessor Comments	Beautiful Angus heifers with August / September calves at foot. The calves are by Jarabee Judd Q116 and are very healthy and strong. The heifers are vendor bred with Alpine Angus and Jarabee blood or purchased from the local Weaner sale. The heifers are in prime condition and have plenty of milk under them, they show all the style and confirmation that any judge would be wanting in a long term breeding female. These heifers are very well prepared for sale and are a credit to the Vincent family. They come with my highest recommendation.
