Handled With

Bikes , Dogs , Horses

Notable Traits

	Traits
2 Head	White patch on or around udder

Assessor Comments

Excellent quality line of 2021 drop Angus heifers PTIC. Expected to commence calving in late july these young females are well grown for their age and carry their weight very well. They are genuine larger framed females and are bred from a local herd with plenty of performance attributes. Offered for genuine sale due to the tightening season they will compliment any herd going forward. Noted two heifers with blue eyes at assessment. For more information please call.

Assessor

Cameron Rosser (Level 1 Accredited) Phone: 0429 218 962
