Assessor Comments: Vendor bred Charolais and Charolais cross cows and calves. Autumn calving breeders cattle only being sold due to a restructure in management to a spring calving program. 2-7 year old consisting of 4 head - red tag 2022 drop, 3 hd - yellow tag 2021, 11 hd - purple tag 2020, 3 hd - green tag 2019, 1 hd - orange tag 2018, 2 hd - white tag 2017 drop (mouthed sound). Generally speaking the lighter body weight cows are the younger mothers. Calves at foot average 107kg and sired by Winchester Skywalker N26E Charolais and a Rennylea Angus bull. 2 head calves eyes were treated at assessment with Orbenin cream. Cows and calves have been drenched and vaccinated on the 27/05 and calves were marked. A strong emphasis is placed on temperament and that is evident in these units. They offer substantial compensatory weight gains given a change in diet. Ideal for a trade or to retain as breeders - realistically reserved.
