Assessor Comments	Stage 1 of the "Eastern Hills" herd dispersal, Property has been sold. Buyers this a nice small line of well-bred weaned Angus heifers. These heifers are the secod draft from the main line. They carry genetics from Knowla, Farrer and Bald Blair. These heifers could make replacement heifers for someone with a smaller block or alternatively they would make great feeders or taken right through to a Grass MSA job. The Eastern Hills cattle carry a good reputation for perfomance. Vendor has 2 other lots of heifers in the same sale. Odd heifer noted with a blue eye and some with white on udder. **Please also Note Eastern Hills Clearing sale 2.6.24***
