Mr. Fosters cattle are always a pleasure to handle and these steers were no exemption. I could walk amongst these steers and barely no rush about them. 2 steers turned around on scales platform so I marked them down as slightly stirry, however like the rest of the mob once allowed off scales just walked out calmly. Take note this would be second time these calves have been handled

Handled With	Bikes , On foot , Vehicles

Assessor Comments	Vendors annual draft of weaners. These Ivy Bank Poll Hereford blood steers show plenty of softness and bone and should go ahead and should not disappoint given the opportunity. They have weighed from 220-357kg at assessment after 2 hours off feed to average 288kg. These steers are still running on their mothers & will do so up until delivery. Very good Poll Hereford steers.
