Assessor Comments	115 Watervalley Black Angus heifers seconds draft in store condition. Individually weighed, (between 230-300kg). Ave 258.5kg LW Curfewed pregnancy tested empty. The black heifers present as an even line, and are fresh and fit considering there current dry grazing conditions. They support medium frames in lighter condition, being ideal to take onto feeder weights, a small percentage show a brown tinge in their coat with 90% showing good healthy black coats. 20 from 115 head mouthed with 3 starting to cut their teeth and are generally younger than the top draft. The doing ability of the Watervalley cattle is certainly prevalent in these cattle. Watervalley Blacks are known for their versatility, fertility and doing ability and will perform well for those buyers looking to add value to their purchases.
