Cattle were excellent to handle throughout the assessment, all went through the yards and crush multiple times and were very compliant,.The Newnham cattle have clearly had extensive handling & education during weaning. Excellent

	temperament.

Assessor Comments	Annual draft of RP&JS Newnham weaner steers. These tops steers all weighed in a tight 240-316kg bracket (full) and are of excellent quality. Steers are The Glen & Ardrossan blood and show great growth, depth and frame for age. Cattle are well weaned and are on the move on silage and access to grass fed pellets in lick feeders. These steers often enjoy support from repeat buyers and make ideal backgrounding or grass fattening steers. Greenhams never ever accredited. Outstanding temperament.
