Vendor Comments: Annual sale of Angus weaners. Very happy with how these calves have weaned, being quiet and content with human contact.

Temperament

Yards	Crush	Paddock
Quiet: 19 head Slightly Stirry: 2 head	Quiet: 19 head Slightly Stirry: 2 head	Temperament not assessed in Paddock

	Weaners were a pleasure to handle. Odd weaner had a bit of run in the yards - typical of freshly weaned calves. Surprisingly settled over the scales. All settled after assessment and content with human interaction - refer video.
Handled With	Bikes , Vehicles
Assessor Comments	Complete drop of vendor bred 2023 drop Angus steers off “Glenayre”. They are out of large framed Tulagi blood Angus dams (700-1000kg when mature and fat) sired by Talooby blood Angus bulls. With a curfew weight of 278 kg at 6.5-8.5 months of age these steers have not had a set back. They will mature into heavy kill steers if required and are suitable for a range of markets. They have been yard weaned on the 27/03/23 and will be released after assessment onto cereal hay in a paddock. 100% grass fed and antibiotic free. Top quality young Angus steers that will continue to perform given feed. Carrying no extra fat these steers are ideal to background on crop for future feedlot programs. Please note vendor is also offering 22 heifers in todays sale should you require the numbers to help fill a truck. Feedback received from previous purchasers was weaners performed well. Should you require any further information please call.
