Assessor Comments	Buyers a Very good line of 66 Angus and Angus cross steers that present in good store condition. Steers stand on good bone along with good confirmation and have all the right attributes to make these steers reach their full potential. They have been on an oats crop since the end of June and are powering ahead and will continue to perform if given the opportunity. These steers are very tidy around the head with the majority being poled. This is a strong selection criteria when vendors are selecting their bulls. Two steers noticed to have ringworm and one with rub marks around the eyes and one showing rub on coat around shoulders. One steer with a large amount of white on legs and head, please see photos. A good line of black steers out of Angus and Angus cross cows sired by Wallangra Angus Bulls that will not disappoint any buyer. BUYERS NOTE delivery period is one week, however if roads are impassable to purchasers property this delivery period can be extended by negotiation.
