| Handled With       | Steers were good cattle to handle in the yard. There was only a few cattle become agitated whilst confined in the crush.<br>Aerial (Helicopters, gyro's and planes) , Bikes , Dogs                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| Assessor Comments  | Buyers a very good line of 22 Composite steers that present in good store condition. Most steers stand on good bone along with good confirmation & have all the right attributes to make these steers reach their full potential. They have been on an oats crop since the end of June and are powering ahead & will continue to perform if given the opportunity. These steers are very tidy around the head with the majority being poled. A sample of the branded No 1 steers were mouthed with all being solid milk tooth. One steer had ringworm around head and neck, one steer with small warts around the head and One steer has a bent tail. A good line of composite steers out of Composite cows (Ex Cannaway Downs) sired by Charolais and Santa Bulls with one Droughtmaster bull. Please see photos and videos for self satisfaction. Steers will not disappoint any buyer wanting to buy steers that will perform. Vendor has another lot of steers in same sale to help with trucking. |
