Grazing Conditions	Haying off native grasses and a big volume of fresh Mulga. Returned to: Once yard weaned for two- three days will be tailed out and let go in a good fresh holding paddock of native grass and Mulga.

Burr/Seed in Coat	No Burr or Seed of weeds declared noxious observed in the coats at assessment
HGP Status	The owner declares that the cattle have not been treated with HGP at any period of their lives
Chemical Residue	Nil known to vendor.
J-BAS Score	5
Vendor Comments	Very proud of the growth & Conformation of these first round weaner steers. They have had a great season from the start. The temperament of these steers is testament to the herd and their sires.

Quality Grades		Store Condition		Carcase Quality		Muscle Score	
Very Good	65%	Store	100%	3MX	100%	C	100%
Good	35%						

Temperament

Yards	Crush	Paddock
Quiet: 70 head Slightly Stirry: 8 head	Quiet: 70 head Slightly Stirry: 8 head	Temperament not assessed in Paddock

Given they had only recently been drafted off their mothers these steers drafted and weighed very well.

Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Dogs

Notable Traits

	Traits
2 Head	Blight scarring

Assessor Comments	Buyers this 2 deck consignment of great young cross bred steers are certainly worth considering. They have very strong repeat buyer competition when offered in Dalby Saleyards and also on Auctionsplus. These steers will grow out to very good 100 day export feeder steers and or through to grass fed bullocks. They are handled well by the vendors and will be ready to unload and walk away to their new paddock by time of delivery. They had a large curfew off feed and water prior to assessing. The heaviest of this draft had been missed in an earlier round, however slot neatly into the lead of this draft. They are HGP and chemical free. I highly recommend this draft of steers.
Assessor	**Brock Simpkins (Level 1 Accredited)** Phone: 0408 278 818
