Assessor Comments	A good line of Angus x Angus steers on offer. Steers are vendor bred, grain and antibiotic free. They were easy to handle throughout drafting and assessment. Steers are sired by Urban and Ebony Angus bulls out of Waitara and Bongongo base Angus cow herd. They have been weaned down over the last 3 months and are in ideal store condition to grow out to feedlot or heavy msa grids. 2 steers observed with old pinkeye scarring of varying degrees and not considered detrimental. Lwr at assessment 247 - 353kg to avg 299kg. Ideal steers to put on crop and grow out.
