Assessor Comments	Buyers an opportunity to purchase a small line of vendor bred Angus X cows & calves that present in good strong store to forward store condition. Cows are mostly 66% 2-4 years old with the balance being 5-9 years old and present as an even line and are best described as medium to large frame cows. The calves are all in good strong healthy condition weighing from 91kg to 332kg at assessment with a very healthy avg of 171kg. In the calves there is a set of twins which is why we have 19 calves, there is also 7 x head that have been branded the balance unbranded. This little line includes a cow with a twisted nose which has a very healthy heifer calf on her as seen in photos. Also noticed at assessment 1 x cow with old rub marks on neck. A very even line of cows & calves that will suit to fatten & split or as future breeders.
