Generally handle well for their breed. Like most station cattle require some space but will also respect handlers. In race and crush all cows were generally quite calm and good to handle/assess. Please call for fully detailed description

Handled With	Bikes , Vehicles
Assessor Comments	Very well bred line of droughtmaster cows PTIC to Rennylea bulls to commence calving late July. Cows are generally larger frame types and present even as a group and in mainly forward condition. They represent their breed well in type and would make a good inclusion to any operation going forward. Vendor also offering the steer portion of these females in the national weaner sale with the heifer portion being retained. They are currently doing an excellent job on their progeny, which will be weaned at delivery. For further enquiries please call.
