Assessor Comments	Buyers a good line of well bred Angus x Angus Steers. These Steers present in good store condition showing good frame, softness with good depth and length of body. Steers are in ideal condition for compensatory gains to be had, looking at the Steers they look to be starting to loose the winter coat and are just starting to start go ahead, my recommendations are to give Steers a drench and they would excel on good nutritional feed. These Steers are very well bred being by Texas Angus Bulls and from a very good Angus Cow herd which has been based on Gunda Park and Texas blood. Please note out of total Steers assessed (140hd) there was 1 Steer with scurs, 6 Steers with old scars on their eyes but not detrimental. Vendor is offering a total of 140 Steers up for sale in 2 lines of 2 deck lots which will be drafted out the gate in to even lines.
