Good	20%		

Temperament

Yards	Crush	Paddock
Quiet: 52 head Slightly Stirry: 4 head	Quiet: 52 head Slightly Stirry: 4 head	Temperament not assessed in Paddock

Well handled heifers. Flowed through new yards well, especially being back in from preg testing. Odd heifer got excited in crush but settled back in mob quickly. Odd heifer was quick between yards but nothing dramatic.

Handled With Bikes , Dogs , Horses , On foot , Vehicles

Notable Traits

	Traits
1 Head	White flank/ in front of naval
8 Head	White on udder

Assessor Comments A B-Double load of good quality, PTE Angus heifers. These heifers were part of the Clea herd rebuild with the Clea Angus breeding values in mind when selected. A portion of this mob are Clea Born and bred and based on Rennylea bloodlines, the balance are Hazeldean and Reiland bloodlines. Calves from these heifers are purchased by Rangers Valley Feedlot year in year out. High quality herd that would be an ideal opportunity to secure some good genetics. Could also be purchased as an option to join and trade. Presenting in forward condition, ready for the bull of choice. Please note: Clea Angus PTIC older cows in same sale. Heifers were checked for any structure issues/eyes etc and were removed at assessment. A portion of these heifers have calves previously with several (5) noted to have a bag of residual milk underneath having just had calves weaned off.
