Assessor Comments: An excellent quality run of Hazeldean blood PTIC heifers from the renowned Saxen Graziers herd. Joined to the Hazeldean bulls for a mid-August/Sept calving and presenting in very forward condition. This lot of heifers are Spring 2021 drop (30 months) and will calve as 3 year olds. Saxen Graziers purchase bulls from the Hazeldean auctions each year with a focus on temperament, carcass and growth and well as maternal traits. These heifers would be a welcome addition to any Angus enterprise and will turn into magnificent matrons if given the opportunity. The heifers are sold annually as they are surplus to requirements with great feedback from previous purchasers. Heifers with style, shape and depth, these heifers come highly recommended by agent. Please note: Another lot of 22 younger PTIC heifers also in todays sale. Agent can arrange freight to most areas and vendor can delivery locally if needed.
