Temperament

Yards	Crush	Paddock
Quiet: 12 head Slightly Stirry: 1 head	Quiet: 13 head	Temperament not assessed in Paddock

A pleasure to walk through the yards, albeit some a tad sore on the gravel after being in the yards a a few times recently for weaning. All cows were placid and sensible to walk through in the yards, turned their heads and quietly headed for the gate when pressure applied, with the lead even self feeding right through the race from the back yards. Cows continued to self feed up the race, stand quietly on the scales, & exit at a walk. A pleasure to handle & a credit to the vendor.
