Assessor Comments	Here is a very good opportunity to purchase weaned F1 Wagyu / Brangus cross steers that will power ahead given the opportunity. These steers have been weaned for over 5 weeks and have had all the hard work done and are ready to go on and perform for the successful purchaser. This line of steers are the annual turnoff of F1 progeny which have had the lighter end and tail removed from the mob. Please note 8 steers have white around the muzzle and 4 steers show a brindle tinge in their coat.
