Assessor Comments	A great line of one brand weaned heifers. These heifers are very good quality heifers that would suite a future breeder job or fit any backgrounding operations. They have got plenty of bone and show very little tropical content. This mob of heifers were purchased from Alpha just over two months ago account the breeder, and now the vendor has chose to sell them due to a change of direction. The mob have all been pre-treated for ease of movement to clean areas and the vendor will pay the clearing costs and guarantees them clear of the dip.
