Notable Traits

	Traits
1 Head	Blight

Assessor Comments Very good line of weaned Angus X/Charolais X backgrounder heifers, these heifers show great bone and weight for age. They would be ideal to grow out to feeder weight or slaughter weight, as well as having the potential to turn into breeders

	down the track, these heifers were a pleasure to handle in and throughout the yards.(note one heifer in this assessment has been treated for blight and will continue to be treated until delivery.
