Cattle were good to handle and are handled by experienced stockman which showed at assessment.

Handled With	Bikes , Dogs
Assessor Comments	Top quality line of AI bred feeder steers. Steers are very even as a group and have good performance as their weight

	suggests. This represents the top of the drop and they show good frame softness and conformation. They are grassfed eligble and would be equally suited to a grain or grassfed program. Please view video to appreciate the quality of these cattle.
