Weaners were an absolute breeze to handle in yards. Heifers did have slight rush through gates etc, but quickly calmed when that pressure was removed, only typical of age. Heifers have been handled by vendor on her own & are used to almost daily interaction with her.

1 Head	Blue eye scarring

Assessor Comments Opportunity knocking! 13 absolute cracker heifer weaner calves. These F1 heifers are your opportunity to step into the Speckle Park breed. These heifers show lovely growth & softness & should become a real asset in any breeding herd. Heifers are quiet and have been handled by vendor who checks her cattle daily. The vendor has been breeding Speckle cattle for some time and her weaners have gone on and performed very well, these heifers are no exemption. They should not disappoint given the opportunity. Please note at least one of these heifers observed with slight blue eye scarring. 1 heifer was treated with Orbenin Eye Ointment for a weepy eye. Also note vendor has signed Pasturefed Cattle Assurance System Non-Certified Supplier Declaration. Vendor also has steer weaners (brothers to these) in todays sale.
