| Assessor Comments | An outstanding line of very well-bred Angus Cows with years of breeding and conducting AI programs. The cows are based on Pathfinder and Dunoon Angus genetics being used in recent years with a focus on growth, fertility, IMF and performance. These cows would be suited for a high-end breeding program. The vendor also has 37 Yellow - Tagged, 11 year old cows in the sale. All cows had fantastic, fresh calves weaned a month ago. These cows have been gaining an average of 1.92kg/day since calves were weaned. |
