Cattle were very good to handle at assessment. They moved freely through the yards and left the crush calmly after being weighed. Excellent temperament from a well managed herd.

Handled With Bikes , Dogs , Horses

Notable Traits

	Traits
5 Head	Small white patch on udder(approx)

Assessor Comments Excellent quality line of PTIC Angus females to commence calving at the end of august for 4 weeks. Heifers stand very evenly as a group at assessment (400-512kg) and present in fresh forward store condition. They are bred from a well known genuine large frame herd and will continue to mature the same way if given the same opportunities. These heifers represent an annual sale and have been well managed throughout the early stages of their pregnancy. Please view video to fully appreciate the quality of the heifers. Vendor offering a total of 80 heifers in two lines and will be presented of even quality at delivery.
