Assessor Comments	Excellent quality line of 2018 drop Angus cows PTIC. This represents an annual sale of the mason familys' oldest age group to commence calving in August. These cows are genuine large frame big capacity females and carry their weight well. Cows are proven performers amongst previous purchasers with progeny of these females proven to be fast growing and of good type. Cows present even as a group and are easy doing types. Please note cows have had big calves weaned less then a month ago and present in forward store(15%) to forward condition. All cows weaned calves this year and are in the prime of their lives. Females worthy of close inspection. Vendor offering a total of 70 females in this line over two groups. 8 cows carry some white on udder area. 4 cows with scarring or blue eye. See photo of worst example. Not detrimental to the animals performance in any shape or form. Please view video to appreciate the quality of these females.
