	A quiet draft of Steers to handle during assessment process, Steers drafted well and easily away from the heifers(also in this sale) prior to assessment taking place, the noise of the steel panels wasn't too bad with steers walking through race and crush with ease, no concerns
Handled With	Bikes , On foot , Vehicles
Assessor Comments	A nice draft of Santa/Hereford cross steers. For the age these steers are displaying plenty of length and good bone structure. Ideally these would be ideal to finish on crop or grow to either Heavy feeder steers or put in paddock and grow into young bullocks. All natural polled with nice clean coats. These vendors only run a small number of breeders and this is their total draft of steers being offered. This vendor also has 9 Heifers of same draft in this sale
