Steers were placid and compliant at all times during assessment, (refer to video). Steers have been well handled and trained with quiet and capable dogs. Assessor Comments	A smaller line of well bred black backgrounder steers. Steers are by bulls that have been meticulously selected for their carcass attributes and out of a quality Angus and Angus/Shorthorn cow herd cow herd. Consider suitable to either background to export feeder specs or alternatively fatten to high quality carcasses on either grass or grain. One steer has a single eye with old pinkeye scarring and 4 steers are either blue roan or have white between their flank and brisket, refer to photos and media.
