Heifers did have a bit of run today, however, vendor has made concerted effort to manage cattle calmly through weaning and health treatments, including implementation of De-Stress in water. A number did show stirriness in tight confines of weigh cradle. Can display some run when moving yard to yard but previous purchasers have suggested Bellevue cattle do settle well.

| Assessor Comments | A very well bred and nicely presented draft of Angus heifers. The Bellevue herd is 100% Weeran blood with no expense spared on genetics with a focus on above average growth, carcase attributes with an eye to fertility and good structure. Individually weighed to be 350kg+ (full) and presenting in strong store to forward store condition. The Bellevue herd have proven record of performance in the feedlot and on grass and previous purchaser feedback has been very positive. Cattle are PCAS eligible & Never Ever Accredited. Heifers have had full animal health treatments either side of weaning. An opportunity to acquire impeccably bred Angus heifers with the breeding & quality to make terrific matrons or background and finish to trade or export markets (grain or grass) (Vendor offers 130 Angus heifers this sale over 2 lots). |
